

LOGISTICS FUTURES 2018

Power Networking Day

11 September De Vere Staverton Estate Daventry

The New Logistics Futures - **POWER NETWORKING DAY** incorporates the Logistics Consultants Forum and has been created to give delegates more networking opportunities **all in a single day**. Learn about the latest logistics innovations; hear the latest supply chain issues strategic issues and share best practice experiences.

Be the **FIRST** logisticians to hear the results of the latest research on the increasing importance of [Logisticians and supply chain in the Board Room](#) sponsored by leading logistics consultancy Efeso. Senior Vice President, Professor Alan Waller OBE, will outline the main findings of his research started in 2009 and updated regularly. This will be followed by an interactive round table discussion and debate. The feedback will be yours to keep and use in your businesses.

The NEW Logistics Futures **POWER NETWORKING DAY** is being supported by leading logistics innovators; an invited audience of senior supply chain professionals and the 200 plus paying members of the Logistics Leaders Network. Share experiences with an audience of over 100 logisticians.
