LOGISTICS
LEADERS NETWORK

Excellence in Logistics Leadership enhances the customers' experience and delivers their expectations consistently and continuously as the pace of change in customers' demands continues to increase. The Logistics Leadership Awards have been created to recognise the massive shift in importance of the status of Logistics Leaders and supply chain understanding in forward thinking business.

LOGISTICS LEADER OF THE YEAR

Will be presented to the logistics leader who can clearly demonstrate that his/her company's supply chain is delivering excellent customer satisfaction, operational improvements and helping to sustain business growth. Sponsored by Pallite.

EMERGING LEADER OF THE YEAR

Will be won by the individual under 35 who, in the judges' opinion, has made the most positive contribution to the art and science of logistics and supply chain management in any sector. Sponsored by SSI Schaefer.

PEOPLE DEVELOPMENT

Putting people first with clear goals and strategies to bring the best out in logistics and supply chain teams is a must for progressive businesses. This category is open to manufacturers, retailers, logistics providers, SME warehousing businesses, hauliers and freight forwarders. Sponsored by The Logistics Partnership.

WAREHOUSING LEADER

This award recognises the outstanding leadership in warehouse operations/and or warehouse development and innovation creating a step change in customer service and operational performance. Sponsored by Bowe Systec

MILITARY LOGISTICIAN

Presented in the Memory of Lt Col Paul Holder was the first active member of the armed forces to be Master of the Worshipful Company of Carmen, the City of London Livery Company for the transport industry, it will go to the person who clearly demonstrates outstanding leadership qualities in a challenging role. Sponsored by RLC Foundation

LOGISTICS PARTNERSHIP

This is awarded to organisations who can demonstrate supply chain excellence or operational improvement through a real partnership. The winner will demonstrate measurable benefits to both organisations in terms of reduced costs, improved customer service and operational efficiency.

FREIGHT LEADER

This award recognises the contribution of independent sme businesses who can demonstrate adding significant value to their customers' supply chains and logistics operations through being flexible, agile and responsive to fast changing demands being made on them.

GREEN LOGISTICS CHAMPION

Presented to the individual/team/company who/which can clearly demonstrate actions, projects and strategies his/her company is taking to move towards a carbon neutral future.

LOGISTICS INNOVATOR

This award will be won by the logistics leader/team/partnership who can clearly demonstrate how innovation is at the heart of everything they do and has made a real difference to their business.

LIFETIME ACHIEVEMENT

This award goes to the person who has demonstrated exceptional logistics leadership over a number of years in terms of delivering supply chain improvements for his/her organisation/business, customers or logistics providers.

Do you know a stellar performing Logistics Leader?

NOMINATIONS RUN FROM 18 JUNE – 10 SEPTEMBER

The Logistics Leadership Awards are judged in a different way than most other award schemes. Shortlisted individuals/teams/companies are nominated by other logistics professionals working in the sector. Each shortlisted company/individual announced in mid-September will then be asked to provide a 1000 word summary of how they 'make a difference' to their company/organisation's performance in a specific category. A ten-strong judging panel then identifies the winner in each category.
